

# CHILD EDUCATION SOCIETY: A SOARING SAGA OF SUCCESS

Bal Bharati Public Schools, managed by the Child Education Society, have been constantly innovating and evolving in accordance with the changing paradigms in learning ecosystems

- 12 Dec 2021

The odyssey of the Child Education Society began when a seed was sown in 1944, tendered by the vision of its founding fathers and led by inspiring stalwarts like Shri K.K. Khullar and Shri L.R. Channa. Committed to providing education, even in the remotest parts of the country through projects schools, the iconic 77-year old Child Education Society (Regd.) has setup stellar educational hubs pan India – 27 Bal Bharati Public Schools (BBPS). These schools are happy and inclusive places, providing holistic quality education to all learners, including nearly 4000 EWS students. Aiming to draw out the best in “body, mind, and spirit”, learners are engaged in the pursuit of knowledge, imbibing values and developing skills to carve a niche for themselves, leaving indelible imprints on the whole wide world.

Constantly innovating and evolving in accordance with the changing paradigms in learning ecosystems, Bal Bharati Public Schools have always been guided by illustrious role models who continue to enrich the brilliance of the educational legacy that Child Education Society represents. L.V. Sehgal, Principal, BBPS,

Ganga Ram Hospital Marg, Meenu Goswami, Principal, BBPS, Pitampura, Suruchi Gandhi, Principal, BBPS, Dwarka, and Geeta Gangwani, Principal,

BBPS, Rohini are all National Awardees. Nine of our educators are State Awardees and eight are CBSE Awardees.

The Child Education Society takes pride in Bal Bharati institutions for being an aesthetic blend of simplicity and modern architecture with state-of-the-art facilities.

The provision of world class facilities, the committed dedication of faculty members and the persistent Bal Bharatian spirit to conquer all obstacles have allowed our students to shine in all domains – academics, sports and co-curricular. “Excellence for us is not an act but a habit.” Our students are recognised as harbingers of excellence with many of them acquiring top All India Ranks in CBSE, NEET, JEE, KVPY, winning national and international championships and also making it to Guinness, Asia, India and Delhi Book of Records.

To foster a spirit of critical thinking and scientific temper amongst students and to chisel and mould future-ready and lifelong learners, possessing global competence, we emphasise upon interdisciplinary, experiential and activity-based learning.

Sports and Physical Education form an integral part of curriculum transaction. A Sports Council has been instituted that oversees the provision of world-class infrastructure, and presence of National/ International level trainers for varied sports disciplines in all the schools. Children are encouraged to adopt a sporting discipline for their physical betterment.

The sports council formulates policies and innovative programmes to ensure that all Bal Bharatians continue to be enthused about sports. An ‘All-India Inter-unit Bal Bharati Sports Meet’ is held annually that provides a national platform to budding sportspersons from the 27 units to compete together as well as hone and test their skills in varied sports disciplines. It is noteworthy that in all our schools, scholarships and incentives are awarded to students excelling in sports. The tally of glorious laurels recorded in the chronicles of CES each year in sports bears testimony to the consistent successful endeavours of CES in encouraging sporting talent.

It is a matter of great pride that our alumni are spread across the world, having distinguished themselves in various spheres. They stand out for their professional accomplishments, dedication to empower change, contribution to the community and beyond.

They have made a mark in the field of Science, Medicine, Administrative, and Defence services, Education, Sports, Art and Music, with many of them in leadership roles. They continue to retain a deep connect with their Alma Mater and voluntarily engage in all programs of the school.

They have been initiating social ventures and offering guidance to help students navigate the path to success in their fields of interest. • Smiti Maini Dhami – Spacecraft Operations Engineer of Mass Orbiter Mission fame  
Dibakar Banerjee – Renowned filmmaker  
Dr. Devarat Arya – Director, Medical Oncology at Max Healthcare  
Ishaan Chhabra – a notable music composer in Hollywood  
Countless doctors, engineers and bureaucrats are all products of the Bal Bharati School of thought.

Since inception, all Bal Bharati schools have worked on the principle that education means preparing students for life and will continue to be trustworthy organisations for capabilities and skill building. Forging successful collaborations with our stakeholders based on mutual trust and goodwill, we continue to go on creating personalised learning paths to nurture the future generations within the portals of our inclusive, safe, supportive, and joyful learning spaces. We shall continue to engage, educate and empower our learners to be thinkers, creators and denizens of a future which values sustainable development, peace and tolerance, and equity for all, a future that enables Bal Bharatians to ‘walk with crowds and yet stand apart as leaders’.
