## Value of The Month

### Basic Courtesies and Manners - Use of 3 Magic Words, Greetings, Taking Turns and Sharing

Namaskar, Bal Bharti Parivar gives utmost importance for developing "Basic Courtesies Manners" amongst the children. To begin with one of the most critical aspect is teaching them "Sharing" and developing their social skills by teaching them "Greeting".

### Sharing and Taking Turns

Children should be taught sharing and the importance of taking turn. Children need to learn to share so that they can make and keep friends and play cooperatively. Sharing teaches children adjustment and fairness. Sharing gives children a sense of responsibility towards society. When children learn to take turns, they learn the basic rhythm of communication through serve and return interactions.

### Development of Social Skills - Greetings

Let us make our children begin their day by wishing everyone with a warm "Namaskar". Make the children learn the prayers and sing it every morning. Also perform simple exercises and stretching to be fit.
