Value-based education can shape the future and add purpose to the life of Children. It helps them learn to live the right way of life. Social skills like politeness, punctuality, and truthfulness will be imparted with the help of stories, rhymes, links, and role plays.

Politeness

Politeness is the practical application of good manners or etiquette so as not to offend others. The basics of polite behavior include saying 'please' and 'thank you' when asking for something or receiving something. But polite behavior also includes a kind tone of voice and a pleasant attitude. Let Kids know that people appreciate it when someone is kind to them.

Truthfulness

Being honest and truthful are essential virtues that one should possess. We should teach our children to believe in themselves and have faith in their inner strengths.
