SEPTEMBER

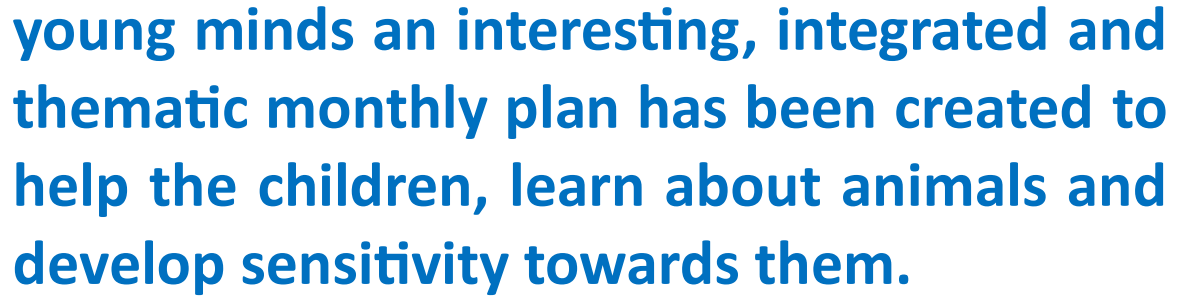

PRE SCHOOL

THEME: ANIMALS

ANIMALS

The world of animals is enchanting for children. The animal kingdom includes pet, farm, domestic, wild and aquatic animals. Young children have a natural curiosity about animals. So, to satisfy the curiosity of young minds an interesting, integrated and thematic monthly plan has been created to help the children, learn about animals and develop sensitivity towards them.

VALUE OF THE MONTH

Kindness is an important virtue that we must imbibe amongst the children. Honesty is when you speak the truth and act truthfully.

To make our children good human beings, we have to enable them to be kind and truthful first, as one cannot be a good person without being kind. Kind children are polite, considerate, compassionate, generous and loved by all. They make people around them happy through their actions, thoughts, and words. To make the world a better place, we all need to care about other people, animals and nature. Thus through various activities and stories children will be made aware about the importance of being kind and honest.

CELEBRATIONS

TEACHER'S DAY

The 5th of September holds great significance amongst our students. Every year this day is celebrated as "Teachers' Day", the birthday of our former president Dr. Sarvepalli Radhakrishnan a well known scholar, teacher and promoter of education. Teachers take much care of their students since their formative years, in moulding the character of their students, thereby helping them grow into compassionate and socially responsible individuals. Teachers' day is an occasion for us to remember our dear teachers and be grateful to them for the role that they play in our lives.

JANMASHTAMI

Janmashtami is the festival of Hindus which is celebrated as the birthday of Lord Krishna with great enthusiasm all over the country. His life teaches us to choose the way of Karma and believe in the eternal power within oneself. People decorate their houses with flowers and rangoli to welcome the Bal Krishna and adore him with all his favourite foods. People engage in various activities and games like the Dahi Handi, where they compete to break the earthen pots and spill the curd inside it. Children also engage in dramas and act like Bal Krishna, and the history of his birth is portrayed in the act.
