FEBRUARY-2023-24

PLANTS AND AIR

Plants are the Root of our Existence

Plants are considered as our best friend. They are the most valuable and important form of life on Earth. Life on Earth would not have been possible if there is no green vegetation on our planet. Plants are precious gifts to life from the nature. They not only keep our environment clean and green but also stand silent and give us various useful things. Not only man, but all forms of life depends on them.

Value of the Month

Green Habits

Green is more than just a colour. It also means taking special steps to protect the environment. Teaching children the need to change to green actions helps save energy, prevent waste and protect the earth. Starting at a very early age can help kids learn green habits that could be followed as a behavior for the rest of their life.

Celebrations

Basant Panchami is one of the most popular spring festivals of India. It is celebrated as the birthday of Goddess Saraswati, who symbolises knowledge, wisdom, purity and truth. Worshipping Goddess Saraswati on this day is considered very auspicious and pure. The festival of Basant Panchami is associated with yellow colour, a colour of spirituality. This colour holds a special meaning for this celebration, as it signifies bright yellow sunshine of life. As a part of the celebrations, people wear yellow coloured clothes, cook kesar halwa or sweet rice with saffron and offer yellow flowers to the Goddess.

कौआ और लोमड़ी

एक बार एक कौए को एक रोटी मिली । वह पेड़ पर बैठ कर उसे खाने लगा । सामने से एक लोमड़ी आ रही थी । उसने कौए के मुँह में रोटी देखी और उसके मुँह में पानी आ गया । उसने कौए से कहा " आप बहुत अच्छा गाना गाते हो मुझे भी एक गाना सुना दो " कौआ बहुत खुश हो गया और जैसे ही गाने के लिए मुँह खोला उसकी रोटी नीचे गिर गई । लोमड़ी ने झट से रोटी उठाई और वहां से चली गई ।
